

Simplifying security for businesses

Security managed from your smartphone

Gallagher SMB makes managing your security easy through a simple, intuitive app. Everything you need is right at your fingertips, and can be controlled from anywhere at any time.

A cloud-based solution

As a cloud-based system, Gallagher SMB requires no on-site server, or dedicated security staff. It is automatically kept up-to-date with the latest firmware, security updates, and functionality.

Key Features

Intruder Alarm

Arm and disarm areas using a smartphone from anywhere, at any time.

Access Control

Lock or unlock doors using a smartphone, or a Gallagher SMB Key Tag.

Multi-Site

Manage the security of multiple sites from one SMB app.

User Management

Add, edit, or remove an unlimited number of users.

Self-monitoring

Receive real-time alarm notifications and request a security guard to visit your site (AU & NZ only).

Third-Party Monitoring

Opt for a third-party monitoring company to manage any security incidents that occur.

About Gallagher Security

Since entering the security market over 30 years ago, we have become a global leader in the innovation, manufacturing, and marketing of security solutions. Leveraging our experience in electric fence technology, we have developed innovative perimeter, access control, and intruder alarm solutions to protect the world's most high-security sites.

Gallagher saw an opportunity to offer this same quality security for businesses with less complex environments, and simple security needs. This led to the creation of Gallagher SMB, a solution that puts the control in the hands of business owners and facility managers. No more dedicated security staff required to manage your security for you - it's simplified security that anyone can use.

Why choose Gallagher?

Global security leader

We have taken our extensive knowledge and award-winning technology and created something to give you greater control in managing your security.

Proudly New Zealand made

Designed and manufactured on-site at our head office in New Zealand, we guarantee product quality with no compromise.

Experienced installer network

Gallagher partners with the best installers, who are security certified. You can trust that they will set up the right system for your site.
